African flags

Look at the flags. Say the country names together.

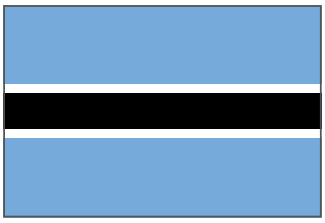

Name: _____ Age 4

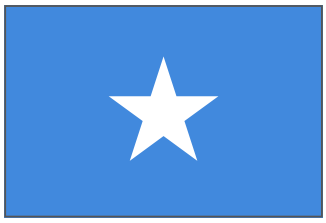

Nigeria

Ghana

Botswana

Somalia

Listen and circle

Ask a grown-up to read each country name.
Circle its flag. Use the pictures above to help.

1. Find
Nigeria

2. Find
Ghana

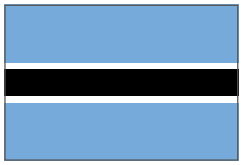

3. Find
Botswana

4. Find
Somalia

Talk together: Which flag has a black star?
Point to a flag with blue on it.

Grown up guide

African flags worksheet for ages 4 and up

Before you start

Print page 1 in colour at actual size. Use a thick pencil or crayon. Explain that these are four countries in Africa and that each country has its own flag.

Point to each flag in the picture key and say its country name. Invite the child to repeat it. Read one question at a time. Let the child compare the flags and circle an answer. Pointing is fine if drawing a circle is difficult.

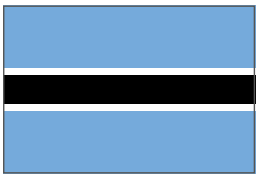

Answers

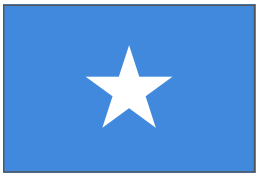

1. Nigeria
Right flag

2. Ghana
Left flag

3. Botswana
Right flag

4. Somalia
Left flag

Keep talking

The black star is on Ghana's flag. Botswana and Somalia both have blue on their flags.

Cover the picture key and try again when the child feels ready. Celebrate looking carefully and saying the names.

Adult support is expected. No independent reading or writing is needed.
